

December 2, 2021

Dear Parents,

As always, we are so grateful for the support you offer St. Genevieve. There is no doubt in my mind, the community and environment we have here at St. Genevieve is special. This is partially due to you! So please accept my gratitude for all that you do to help support this community in the various ways we ask.

As you know from the newsletter that was sent out just before Thanksgiving Break, we are hosting a Christmas lunch for our faculty/staff on December 10. Additionally, on December 10, we are hosting the team of individuals that will be conducting our upcoming WCEA accreditation visit as well as the iconic Sister Clare Fitzgerald.

This is an opportunity for us to set the tone with our visiting team as well as celebrate our hard-working faculty and staff. In the past, there are always families that forget there is no daycare or are unable to pick up their older students. This means there is *always* staff members who miss the luncheon and are unable to participate.

As such, we are going to offer ZOOM learning on December 10. The zoom schedule for your son/daughter will be posted on Edmodo (K-8) and the website for 9-12.

We do understand that this means you will need to make arrangements for your family. However, we thank you in advance for recognizing the significance of this event for our faculty and staff as this is the FIRST time, we are under-going an accreditation visit as a K-12 school.

My warmest wishes to you and your family during this first week of Advent. May God bring your family peace and love this holiday season.

Warm regards,

Amanda Allen
