WCEA MASS A SUCCESS!

Student Submission

St. Genevieve's Sunday Mass was a success! On Sunday, February 6th, 2022, St. Genevieve school hosted a mass for the Western Catholic

Education Association, a group of people, all from around the country, who go to schools, in order to evaluate and accreditate them. The mass was a success, and was filled with “good energy” and “positive vibes”, states Jairo Henriquez, a ninth grader attending St. Genevieve High School. “The participation from the masses was a big factor that made it successful”, adds 10th grader Bryan Alfaro. “Despite the fact that we had to attend school on a Sunday, I’m glad I attended. The energy was definitely powerful, and the room felt like it had this uplifting sensation.”

TEACHER SPOTLIGHT: MR. GONZALES

Student Submission

Teachers are very important in our society. They teach the next generation of humanity. One biology teacher, Alex Gonzalez, has

struck a chord with many students this year. Mr. Gonzalez is a brand new high school Biology teacher at St Genevieve. “He’s a great teacher and I love the material he teaches us,” Jonatan, one of his students. Mr Gonzalez has left a mark on St Genevieve students with his great attitude and his fun classes. “There’s always a great energy when you go into his class. I think his classes are very fun and I enjoy the work he assigns,” says Jonatan. Mr. Gonzalez is very collaborative when it comes to activities in class. “My favorite moments are when we do labs,” said Max, another student of his. “I am grateful to have a teacher like Mr. Gonzalez. I look forward to his class every time, it’s my favorite.”

AN UNDEFEATED SEASON

Student Submission

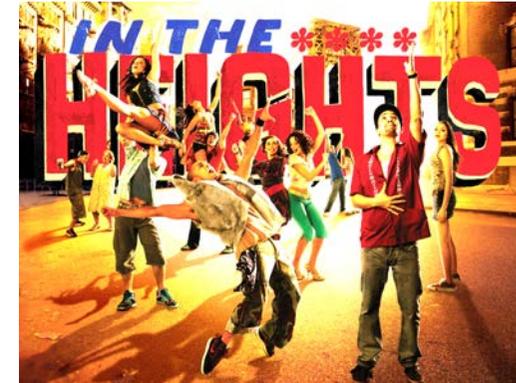

It felt amazing to be honest," says Adrian Cardenas. Adrian played Varsity football during the 2020-2021 season and went 10-0 to go to the Camino Real League Championship to win the title. "The thrill

when the final whistle was blown is something you can never compare to anything else," says Adrian. It is going to be our mission to win the Camino Real League once more." Apart from winning, this hard work comes with unexpected rewards. "The football team provides love, support, brotherhood, and improving your strength," says Adrian Cardenas. Many players believe the bonds were a large part to going 10-0 and winning the league title.

THE MUSICAL RETURNS!

Student Submission

"I was waiting for so long that I was getting really nervous," says Mrs. Brown, visual & performing arts teacher at Saint Genevieve High School. It was recently announced that this

year the school will be doing the musical "In the Heights" after a long and hard fought battle to secure the rights. It will have two iterations: April 28th-30th and May 5th-7th, with all shows starting at 7pm, with the exception of two additional early sessions at 2pm on both Saturdays. This is the first play the school has done in 2 years since the pandemic fumbled the plan. Mrs. Brown, Mr. Horn. and the directing staff chose from around 60 plays and whittled it down to the top two. Many of those who have been to the plays before recommend you attend. This may be a large part of the Valiants' Comeback this year.
