Fundraising	\$250 <i>(Halloween Carnival, Christmas Show & Family Day)</i>
Inspiration Building Contribution	\$125 per family <i>(Investing in the future)</i>

*An additional 25% of the base rate, per child, will be added for each child over three in a family. For more information, please contact the main office.

Tuition and Fees Explanation

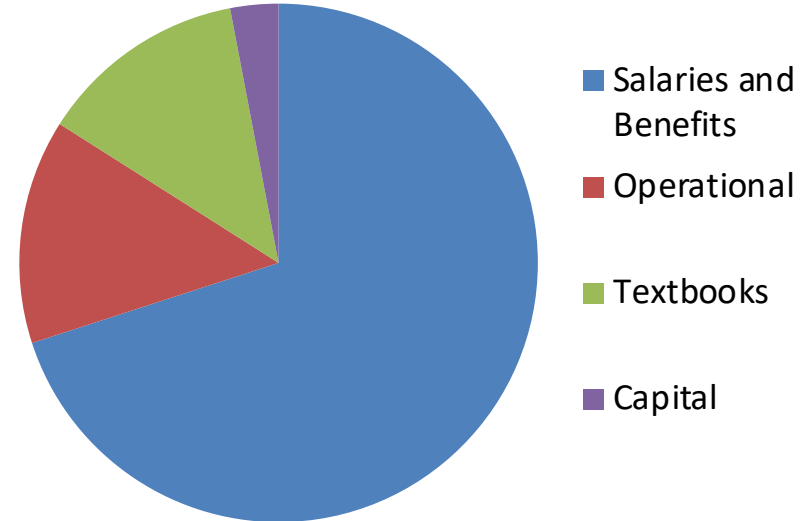

As mentioned in the re-registration letter sent a few weeks ago, it is our goal to ensure we are retaining the excellent staff we employ here. Over the last few years, they have had two salary freezes. This tuition increase allows us to provide our teachers with a well deserved raise.

ONE CHILD TUITION INCREASE: This years tuition represents a **\$40 per month** increase for one student for a total increase of \$400 for a one child family per year.

TWO CHILDREN TUITION INCREASE: This years tuition represents a **\$30 per month** increase for each student for a total increase of **\$60 per month** or \$600 per year for two children families.

THREE or MORE CHILDREN TUITION INCREASE: This years tuition represents approximately **\$23.33 per month** increase for each student for a total increase of **\$70 per month** or \$700 per year for three children families. *Please contact the main office if you have more than three children.*

Tuition Expenditure

Please note that 2nd and 3rd children are highly discounted. The second child is only 50% of the cost of the first child. The third child and every subsequent child is approximately 25% of the cost of the first child.

Monthly figures above are based on a 10 month tuition plan. You can reduce your monthly rate by signing up for an 11 month plan. Please coordinate with Mr. McKay when you sign your tuition agreement for the 2022-2023 school year.
