Seniors walking in at their Baccalaureate Mass

SENIOR BACCALAUREATE MASS

As the seniors' final days are fast approaching, one of the few traditions they come about is the baccalaureate mass. This mass allows for all the seniors to come to school, one more time, in their caps and gowns, and celebrate with their brothers and sisters before they leave. This beautiful mass allows the St. Genevieve community to come together and admire all the seniors, share some laughs and tears, and reminisce in the memories that have been created with them this year. This mass allows students to say one last goodbye to the class of 2023 before their graduation. This mass also allowed the parents and the rest of the school to get introduced to the new senior class, the class of 2024. Mr. Horn also

appointed the choir to sing a song about the graduating seniors passing on their responsibility to the new seniors. This song was titled "Pass it On". The new seniors celebrated their first moments as being the new seniors by singing the alma mater and dancing to the "Hoorah for Valiants" in the middle of the gym.

SOCCER & VALIANTS

The St. Genevieve Boy and Girls Varsity soccer team have, once again, hosted their soccer tournament for kids in the elementary schools. This soccer tournament includes teams ranging from the grade levels of kindergarten to first grade and second to third grade. They are coached by two members of the boys soccer team and two members from the girls soccer team. Adrain Escobar says, "I have enjoyed getting to know these kids. They were a bit shy at first, but they eventually opened up and it was really great to get to know them. I am sad it is coming to an end, but I'm glad to have experienced this". The soccer team is hosting the final tournament this Friday, June 2nd. It includes a potluck for all the athletes and coaches, as well as the kids playing their last game. Good luck little valiants!
