Progress Reports High School

Five week progress reports are being sent home next Monday to high school families.

As a reminder, financial aid can be tied to the amount of effort your student puts in.

Please do your part - check Aeries and follow up with your student (even if they do not receive a progress report) to make sure they are doing their best!

Watch your student learn just how "AMAZING" they are during this evening day of school and drive home talking to them about how "AMAZING" you think they are too. Join us for a critical evening boosting our young peoples self-esteem and confidence in themselves as they continue to grow and mature into Godly men and women.

HELP US BECOME A CASHLESS CAMPUS...AND A SAFER CAMPUS

It feels like the world around us, even the neighborhood around us, is becoming more dangerous each day. As the population of our neighborhood increases, there are fewer police to keep watch.

Recently, it was reported, our mail carrier was held up at gunpoint.

Any business or organization handling cash is especially a target.

Therefore, we are asking each of you to help us become a campus without cash.

- Make payments online, with check or money orders

- For the time being, please do not bring any form of cash payment to campus without having an appointment and letting your point of contact know you are intending to pay with cash.

REMINDER:

CoVid Isolation Updates

The state of California has **changed** the isolation guidelines for those who test positive for Covid 19.

See updated guidelines from LA County Health.

LAC DPH Instructions for COVID-19 Cases and Close Contacts

In summary:

Masks are required to leave isolation before 10 days from when symptoms began or the date of their first positive test, when around other people. You can remove your mask sooner if you have two sequential negative tests at least one day apart.

- Individuals with COVID-19 without symptoms:
